SchultzQ: Nuxt can not find dynamic component in vue file I'm having a problem with Nuxt dynamic components, since my dynamic component can't be found. I am trying to connect my components with Laravel Form Handler and a data attribute. My dynamic component in vue.js: export default { data: function() { return { dynamicInput: { name: 'name', required: true, type: 'text', label: 'Name' } }; }, template: `` } My vue nuxt file (my component can't be found): meta: { docs: { url: ` title: `Form Handler - Nuxt.js documentation` }, schema: [] components: { FormHandler: { props: ['form'] } data() { form: {} mounted() { this.form.name = this.dynamicInput.name; }; The component can be found when 82157476af
